## Subject Index

### A

#### ACTIVITIES OF DAILY LIVING

Case report—The development of a feeding harness for an ALS patient, 40(5):359-361  
 The effects of introducing the Klein-Bell ADL scale in a rehabilitation service, 40(6):420-424

#### ACTIVITY ANALYSIS

Activity analysis: Agreement among factors in a sensory processing model, 40(2):103-110  
 The relationships between volition, activity pattern, and life satisfaction in the elderly, 40(4):278-283

#### ACTIVITY GROUPS

Cognitive group: A treatment program for head-injured adults, 40(6):397-401

#### ACTIVITY PROGRAMS

Affective meanings of life review through activities and discussion, 40(1):27-33  
 Therapeutic modality comparisons in day treatment, 40(9):606-611

#### ACUTE CARE

Evaluation and management of the patient with acute back pain, 40(5):347-351

Nutritional support and the occupational therapist's role, 40(5):343-346

Occupational therapy management of the acute spinal cord-injured patient, 40(5):333-337

#### ADMINISTRATION, OCCUPATIONAL THERAPY

Chairing the academic occupational therapy department: A job analysis, 40(2):89-95

#### AFTERCARE

A hospital-connected halfway house program for individuals with long-term neuropsychiatric disabilities, 40(4):271-277

#### AGING

OASIS: A new concept for promoting the quality of life for older adults, 40(11):784-786

The Foundation—The 1986 scholarship awards, 40(7):501

#### AMPUTATION

##### Rehabilitation

Case report: Occupational therapy with a traumatic bilateral shoulder disarticulation amputee, 40(3):194-198

#### AMPUTEES

Brief or new—Crochet aid for the amputee, 40(7):495-496

Brief or new—Knitting device for bilateral upper extremity amputee, 40(9):637-638

#### APRAXIA

The relationship between articulation disorders and motor coordination in children, 40(8):546-550

#### ASSESSMENT

##### Eating

Lateralization of tongue movements during eating in children 2 to 5 years old, 40(4):265-270

The Purdue Pegboard: Norms for 14- to 19-year-olds, 40(3):174-179

Tongue movements in normal 2-, 3-, and 4-year-old children: A continuation study, 40(3):180-185

#### B

#### BACKACHE

Evaluation and management of the patient with acute back pain, 40(5):347-351

Using work simulation to treat adults with back injuries, 40(1):12-18

#### BEHAVIOR THERAPY

The use of overcorrection as a means to control drooling, 40(10):702-704

#### BRAIN INJURIES

Recovery potentials following CNS lesions: A brief historical perspective in relation to modern research data on neuroplasticity, 40(7):459-463

#### C

#### CASE STUDY

Theories of motivation in occupational therapy: An overview, 40(4):249-257

#### CEREBRAL PALSY

Effects of ankle-foot orthoses on functional motor performance in a child with spastic diplegia, 40(7):492-496

#### CHILD DEVELOPMENT

Comparison of chewing cycles in 2-, 3-, 4-, and 5-year-old normal children, 40(1):40-43

Developmental play ages of physically abused and nonabused children, 40(10):691-695

Early childhood intervention (position paper), 40(12):833-834

Lateralization of tongue movements during eating in children 2 to 5 years old, 40(4):265-270

Roles and functions of occupational therapy in early childhood intervention, 40(12):835-838

Tongue movements in normal 2-, 3-, and 4-year-old children: A continuation study, 40(3):180-185

#### CHILD DEVELOPMENT DISORDERS

An occupational therapy protocol for assessing infants and toddlers who fail to thrive, 40(5):352-358

Occupational therapy treatment goals for adults with developmental disabilities, 40(10):672-678

Sensory intervention with the preterm infant in the neonatal intensive care unit, 40(1):19-26

#### COMMUNITY MENTAL HEALTH SERVICES

Therapeutic modality comparisons in day treatment, 40(9):606-611

#### CONSULTANTS

Procedures for designing an occupational therapy consultation contract, 40(3):160-166

#### CONTINUING EDUCATION

Occupational therapy education in health promotion and disease prevention, 40(11):781-783

#### CONTRACTURE

##### Therapy

Splinting proximal interphalangeal joint flexion contractures: A new design, 40(6):408-413

#### COSTS AND COST ANALYSIS

Effectiveness and efficiency of criterion testing versus interviewing for collecting functional assessment information, 40(7):486-491

The case for health promotion programs containing health care costs: A review of the literature, 40(11):759-763

#### CUFFS, THERAPEUTIC USE OF

Brief or new—A weighted wrist cuff, 40(4):363-364

#### CURRICULUM

A review of entry level education in gerontology, 40(8):557-560

Beliefs, perspectives, and activities of psychosocial occupational therapy educators, 40(8):535-541

Liberal arts: The foundation for occupational therapy education, 40(3):153-159

Sexuality counseling for adults with disabilities: A module for an occupational therapy curriculum, 40(8):542-545

#### D

#### DATA COLLECTION

Reliability and accuracy of visually analyzing graphed data from single-subject designs, 40(7):464-469

#### DAY CARE

Therapeutic modality comparisons in day treatment, 40(9):606-611
